

Our Commitment

Safety...Is In All We Do.

The **Quality Companies** are a group of performance-driven companies whose prime importance is the health and safety of our employees, prevention of incidents and protection of the environment, promoting a Target Zero mindset focused on customer satisfaction and quality performance throughout the company.

It is the company's objective to be an industry leader in accident prevention and to take a proactive and progressive role in the protection of our environment. Our HSE Management System ensures an integrated and structured approach to achieving this objective.

The Quality Companies are committed to conducting its business in a manner that protects the health and safety of its employees, other persons affected by our activities and the protection of the environment with respect to our activities. Quality Companies provides safety training for all of its employees, including OSHA Core, Supervisory Training, Drug and Alcohol training, Reasonable Suspicion training.

Quality Companies has implemented a BBSO and Safety Awards program throughout all divisions of Quality Companies to motivate personal accountability and recognize personnel for a job well done, while furthering their understanding of a safe work environment. The BBSO program is called W.A.T.C.H. (Working All Together Checking Hazards) and is a quick and effective reporting tool for reporting potential hazards. This observation-based program assists in the collection of critical site safety observations and potential hazards that affect all employees on all of our jobsites.

Additionally, as we expand, we pay special attention to the environmental footprint we leave on the world. Quality employees conduct business in a manner that protects the health and safety of all personnel and other persons affected by our activities, as well as the protection of the environment with respect to our activities.
